Running rules may be amended by a majority vote of the Board of Trustees.

CHAPTER 2

MINIMUM REQUIREMENTS FOR FIELD TRIALS FOR ALL POINTING BREEDS

Section 1. Wins will not be recognized and recorded unless the trial/or each stake in which such win is made conforms to the following conditions as adopted by Amateur Field Trial Clubs of America, Inc., the American Field Publishing Company, and The Field Dog Stud Book:

Section 2. The name of the club, place, and date of the trial, and the Secretary's name and address must be announced in an issue of "The American Field" bearing publication date of at least fourteen days before the trials are to be run.

RECOGNIZED STAKES

Section 3. Recognized stakes are:

(a) Puppy Stakes: From January 1 to July 1 in each year for dogs whelped on or after January 1 of the year preceding. From July 1 to December 31 of each year for dogs whelped on or after June 1 of the year preceding.

(b) Derby Stakes: From July 1 to December 31 in each year for dogs whelped on or after January 1 of the year preceding, and from January 1 to July 1 in each year for dogs whelped on or after January 1 of two years preceding.

(c) All-Age Stakes: For dogs of any age. An "open stake" is one in which there are no limitations with respect to either dogs or handlers. An "amateur stake" is one in which all handlers are amateur as defined in Chapter 3, Article II, Section 1, RULES AND REGULATIONS FOR FIELD TRIALS.

(d) Winners in Members and Gun Dog or Shooting Dog stakes shall be recorded and win certificates issued, but winners of children's, ladies', brace, and other stakes not conforming to the definitions contained under this Section will not be recognized.

(e) Championships, Winner's Stakes and Futurities: Wins will be recorded only in such amateur events of the above character as are recognized by the Amateur Field Trial Clubs of America, Inc. and in such open events as are recognized by the American Field Publishing Company and the Field Dog Stud Book.

Section 4. The minimum length of heats for all stakes other than Puppy Stakes shall be thirty minutes, on the basis of the time that an average brace takes to negotiate the course. In the case of one-course trials, no more than eight minutes of the thirty shall be spent in the bird field.

Minimum length of heats for Puppy Stakes shall be fifteen minutes.

Section 5. A stake must be drawn by lot and numbered in the order drawn, in a convenient and approved place open to the public not later than the night before the day the stake is due to run.

Section 6. Dogs shall not be substituted after the draw.

Section 7. All braces shall be run as drawn except with the prior consent of the judges and handlers, which consent must not be given for the purpose of accommodating owners handlers or dogs that are not available when reached in the regular order of the draw.

(a) Should there be a bye in the stake, the judges may, at their discretion, order it to be run alone or with a dog selected by them for the purpose. Provided, however, that if a dog from any regularly drawn full brace should be withdrawn, fail to appear or be disqualified, the bye dog shall be named by the judges to run with the dog remaining in that particular brace, the bye moved up to fill the vacancy caused by the absent dog. In the event there is no bye, then such dog losing its brace-mate, as previously contemplated, must be run in its regular order of drawing, either alone or with a dog as a running mate that is satisfactory to the judges. In the event that there be two withdrawals from different brace, the brace-mate of such withdrawn dogs may be run together where the first vacancy occurs, or in their regular order, at the discretion of the judges. This same rules applies if there be four or any even number of dogs withdrawn from the stake.

(b) All stakes should be so arranged that if at all possible, no more than one bye dog is drawn or run. Except where there is an uneven number of starters in a stake, no bye should ordinarily occur. For example, in the event the drawing by lot has two dogs handled by the same person remaining as the last in the stake, the bracing is rearranged with the last previous available dog drawn not so handled, changing places with the first drawn of the final two dogs.

Section 8. No entry shall be accepted after the stake is drawn.

Section 9. No more than one brace of dogs shall run on a course, or any part of a course at the same time, irrespective of whether the dogs are in the same stake or in different stakes.

Section 10. Stakes shall be run only on recognized game birds whose flight has not been impaired by caging, hobbling, wing clipping, brailing, or in any other manner.

Section 11. Bitches in season shall not be permitted to run in one-course trials. In multiple-course trials, they may start only if, in the opinion of the judges, it can be accomplished under conditions which will insure absolute fairness to other entries.

Section 12. Wins will not be recorded, or if recorded, will be cancelled if made at a trial or in a stake not conforming to the above requirements.

Section 13. It is recommended that courses contain sufficient bird cover and suitable objectives to induce intelligent searching by the dogs. Bird fields, if used, should be of adequate size

to permit a dog to hunt without excessive hacking, and with cover sufficient to hold birds. A variety of cover and objectives is desirable. Five (5) acres is suggested as a minimum area for a bird field.

Section 14. The judge and reporter of a major field trial which overlaps another trial in which such judge or reporter wished to compete may be held out of the drawing until the trial being judged is complete. 24 hours of traveling may be allowed after completion of the trial being judged. The rule is not mandatory and the decision as whatever to follow procedure rests solely with the field trial draw committee, President and Secretary.

CHAPTER 3

- (b) The sponsoring member shall have paid to this Corporation membership dues as determined by the Board for the year in which the trial is held (\$100.00 as of June 2012); and
- (c) The sponsoring member shall have received a license from the corporation for such trial; and
- (d) The member conforms to the “Minimum Requirements” as set out herein in Chapter 2, in conducting said trial; and
- (e) The member appoints a Stake Manager to oversee the running of the trial; and
- (f) The sponsoring member certifies the winner, or winners of its stakes to the Secretary of this Corporation within thirty days after the close of the trials at which said win, or wins, was made, giving such information as may be required by the Secretary of this Corporation; and
- (g) That in stakes with minimum of three dogs competing, one win certificate will be issued. In stakes with four or five dogs competing, two placements only will be recognized. In stakes with six or more dogs competing, three placements, with no division of any place, will be recognized; and
- (h) Winner’s certificates will not be issued by this Corporation for wins in amateur or open stakes where a cash purse is accepted by the handler, owner or owner’s agent of a dog awarded a placement; and
- (i) That win certificates will be issued by this Corporation except as noted in (h) of this Section for dogs and handlers winning placements in open stakes recognized by The American Field Publishing Company if said dogs are handled by an amateur who is associated with a member club, and any scout used by the amateur handler during the running is also an amateur. Within the meaning of this Section, an “All-Age Stake” shall include Open All-Age Championships and Open
- (j) All-Age Stakes. A “Shooting Dog Stake” shall include Open Shooting Dog Championships and Open Shooting Dog Stakes. A “Derby Stake” shall include all Open Derby Championships, Open Derby Stakes and recognized Futurities, provided that the club is a member of the AFTCA.

Section 2. Drawing will be for order of running only and not for any particular course. A dog or handler that is absent from the place at which he is to start may be disqualified at the discretion of the judges. The duty to have a dog at the time and place where he is to start rests solely upon the owner or handler.

Section 3. Any owner who refuses to pay an entry fee for their dog shall be subject to being barred from competition in member club trials.

Section 4. Objectionable entries will not be allowed to start if the following conditions prevail:

(a) Dogs afflicted with any disease which the Stake Manager may regard as contagious will not be permitted to start or to be handled in close proximity to other entries.

(b) Bitches in season will not be permitted to start unless, in the opinion of the judges, it can be accomplished under conditions which insure absolute fairness to other entries. Under no circumstance will they be permitted to be kenneled or transported near other starters.

(c) Objections to entries will be considered by the Stake Manager prior to the running.

Section 5. The judges shall be in charge of the running and handling of the dogs, subject only to the Rules and Regulations for Field Trials of this Corporation.

If the judges deem a second or additional series to be necessary, after the first series has been completed, they may call the dogs wanted in whatever manner or order and for the length of time they deem necessary.

Handlers

Section 6. A dog must be handled by its amateur owner, or it may be handled by any other amateur handler.

(a) An individual handler must be designated at the time of the drawing, and such handler, if present and physically able to handle or scout, must handle the dog as drawn.

(b) If two dogs handled by the same handler should be drawn in the same brace, the second dog drawn shall change place with the next dog to be handled by another handler.

(c) Any person under suspension or barred from competition in trials by this Corporation shall not be permitted to handle or scout a dog.

(d) To compete in regional and national championships a handler must have at some time qualified a dog by winning an AFTCA win certificate.

(e) This corporation recognizes bird dog field trailing as an amateur competitive sporting event and further recognizes a handler is an integral part of these events.

(f) No amateur shall handle more than two (2) dogs not solely owned by them or some member of their immediate family in any amateur stake. Should this occur, all dogs handled by this handler in this stake shall be disqualified.

Penalty for Misconduct of Handlers

Section 7. All handlers must conform to any and all regulations and rules and directions of the judges which do not conflict with Rules and Regulations for Field Trials of this Corporation. Should any such regulation be disregarded, the judges shall have authority to disqualify such handler and/or their dogs, or they may leave the matter to the Stake Manager for their action.

(a) The judges are expected to direct and rigidly enforce the prohibition of the interference by a handler, scout or dog with the braced mates' dog.

(b) Handlers shall be at liberty to inquire of the judges at any time as to any regulations within their province or of the Stake Manager concerning any rule beyond the jurisdiction of the judges.

Complaints

Section 8. A handler may make a verbal complaint to either the judges or the Stake Manager concerning the conduct of their opponent, provided that such complaint be made promptly upon the alleged commission of the offense, thus affording proper official opportunity of observing the immediate situation.

Impugning Judges

Section 9. Any person who has, in the opinion of the Stake Manager, impugned the action of a judge officiating at any stake, or who has otherwise annoyed such official in connection with or because of their official action in connection with the trial either during or after the running of a trial, may be barred from further participation in or attendance at such trial by the Stake Manager, and such disbarment may be made permanent by subsequent action of the Board of Trustees.

Scouting

Section 10. No scouting shall be permitted except by another amateur.

(a) It shall be illegal for anyone to scout for a handler unless permission of the judges has first been obtained. Lagging behind the field trial party for the purpose of locating dogs shall constitute scouting to the same extent as leaving the field trial party to go in any other direction.

Scouting in Shooting Dog Stakes

(b) Scouting is permitted in Shooting Dog Stakes provided permission from the judges has first been obtained. The Scout should return to the gallery immediately upon completion of

their mission and not act as an outrider. Shooting dogs should handle and excess scouting shall be regarded as a fault.

Handling Dogs

Section 11. During the running of a heat no dog in competition shall be removed from the ground for an appreciable length of time or placed on a leash or worked otherwise than in the accepted manner of handling by voice, whistle or signal.

(a) The use of any electronic device to communicate to or influence the dog's action in competition in a field trial is forbidden.

(b) Any handler violating this Section may be barred from further participation or attendance at such trial by the Stake Manager and the dog shall be disqualified.

Field Marshall

Section 12. One Field Marshal or more shall be appointed by the Stake Manager, and the Field Marshall or Marshalls shall have the full authority to control the movement of the gallery or other spectators. The Field Marshall shall prevent interference with the judges, handlers and dogs.

Instructions to Handlers

Section 13. No one other than the handler of a dog may give a competing dog any command or direction except with the permission of the judges.

Backing

Section 14. In an All-Age or Shooting Dog Stake, it is mandatory that a judge order a dog up if that dog demonstrates conclusively that it is refused to back its braced mate.

Ammunition

Section 15. The use of open barrel .410 bore shotguns using ½ load specified safety blank ammunition in lieu of solid barrel blank pistols at AFTCA sanctioned trials is permitted. At the discretion of land owners and hosts pistols may be required.

(a) Only specified safety blanks used in re-enactment events and endorsed by AFTCA governance may be used. (1/2 load Grey) safety blanks emit no solid material from the barrel. Judges may ask for verification of such prior to breakaway.

(b) Shotguns (.410 bore) must be fired in a prescribed manner, i.e., skyward and away from the direction of the gallery and judges, or the dog and handler may be disqualified from the stake at the discretion of the judges.

(c) The barrel of the shotgun should never be used for flushing by the handler, thus minimizing

(d) any foreign materials from entering the open barrel. The gun should be held in a skyward position and never pointed toward the gallery or judges. Failure to comply could result in a dog or handler being disqualified in that stake.

(e) Proven, intentional use of live ammunition will result in immediate barring of the handler from any further competition until the case has been reviewed and decided by the Board of Trustees of the AFTCA.

(f) Clubs at their discretion may provide specified safety blank ammunition to be used. The source for approved safety blanks ammunition shall be posed on the AFTCA website.

Conduct Detrimental to Field Trials

Section 16. Any person entering and handling a dog in a field trial held by an active member of this Corporation or the Corporation itself, or any member club, its officers or members found acting in a manner contrary to good sportsmanship and detrimental to the best interests of field trials generally, or not conducting its trial within the Minimum Requirements for Field Trials, may be reprimanded, penalized, or barred from any or all functions of a member club and/or the Corporation.

Any individual observing such misconduct shall immediately notify the offending party and attempt to resolve the problem on the spot. Should the parties involved be unable to resolve the problem on the spot, the conflict shall immediately be presented to an officer of the host club or stake manager as conditions warrant. Should the officer or stake manager be unable to resolve the problem in a manner acceptable to all concerned, a formal, written complaint may be made.

(a) Complaint. Any individual or active member club may file a formal, written complaint regarding unresolved misconduct. The procedure to be followed in filing a complaint shall be as follows:

A formal, written complaint shall be presented to the host active member club by the accuser as soon as possible and no more than thirty (30) days following the incident. The president of the host club shall, upon receipt of the complaint, schedule a hearing on the complaint by the club membership at a called meeting of the membership. The host club shall provide the accused and the accuser ten (10) days' notice of the membership meeting and the time and location of the meeting. The accused and the accuser shall be given the opportunity to be present at the membership meeting and to present evidence. The accused will be permitted, if he/she chooses, to have an attorney present and/or to participate in this hearing.

Should the majority of the member club membership find the complaint to be true, the accused may be reprimanded, penalized or barred as the membership shall decide. Such reprimand, penalty or disbarment shall apply only to the functions of the member club.

Should the member club membership decide the complaint warrants consideration over and beyond the functions of the member club, the membership may instruct its secretary to file a

formal, written complaint with its next higher affiliated organization (association, state organization or regional organization). The secretary shall send the accused a copy of the filing within ten (10) days.

The next higher affiliated organization shall follow the same procedure as a member club for processing a complaint. All findings of the next higher affiliated organization relative to the complaint shall apply only to member clubs of said organization. Such procedure shall be followed until the complaint has been processed through the region in which the club member resides before it may be forwarded to the AFTCA Board of Trustees.

Upon receipt of a complaint, the President of the AFTCA shall set a hearing before the Board of Trustees to decide the merits of the complaint. A copy of the complaint, the findings of all previous organizations, and notice of the time and place of the hearing shall be provided to the accused and the accuser at least ten (10) days prior to the hearing. If the majority of the Board of Trustees shall find that the complaint is true, the accused may be reprimanded, penalized or barred from any function of the Corporation.

The AFTCA President or the Board of Trustees may hear or delegate the right to hear evidence upon any complaint. The Board of Trustees may act upon such evidence as deemed appropriate, provided, however, that the accused be given proper notification and the opportunity to defend as herein before described. The AFTCA Board of Trustees shall be the final authority on all complaints generated within the organization.

(b) Appeal of Complaint. Should the resolution by a club member of any complaint not satisfy the accused or the accuser, either party may file a written appeal within thirty (30) days to the secretary of the next higher affiliated organization (association, stake organization or regional organization). Upon receipt of the appeal that organization shall request input and information from each party. The organization President shall schedule a hearing on the appeal at a meeting of the membership, and give ten (10) days' notice to the parties of the time and location of the hearing. The majority of the membership of such next higher affiliated organization shall decide the merits of the appeal and may abolish, decrease or increase the reprimand, penalty or disbarment or reverse the findings of the member club. Findings of such next higher affiliated organization shall be provided in writing to the accuser and the accused within ten (10) days of such findings. Such procedure shall be followed for the appeal of a complaint until the appeal has been processed through the region in which the member club resides before it may be appealed to the AFTCA Board of Trustees.

The President of the AFTCA shall, upon receipt of an appeal, schedule a hearing before the Board of Trustees to decide the merits of the appeal. A copy of the appeal, the findings of all previous organizations and notice of the time and place of the hearing shall be provided to the accuser and the accused at least ten (10) days prior to the hearing. A majority of the Board of Trustees shall decide the merits of the appeal and may abolish, decrease or increase the reprimand, penalty or disbarment or reverse the finding as established by the region. The AFTCA shall provide the accused and the accuser the results of its findings in writing within ten (10) days of the finding.

The AFTCA Board of Trustees shall be the final appeal for all complaints generated within the Corporation.

During the appeal process, the finding of the next lower affiliated organization shall remain in effect until such finding by the next higher affiliated organization shall modify this finding.

(c) Nothing contained within this amendment shall be construed to be in conflict or supersede any article contained in the By-Laws and Running Rules other than the article noted above.

(c) If a majority of the Board of Trustees finds that the petitioner is entitled to amateur status, petitioner shall be declared to be an amateur and the Secretary shall notify them and other interested parties of the Board's decision.

ACCEPTED GUIDELINES FOR THE USE OF DOG RECOVERY UNITS IN SANCTIONED AFTCA FIELD TRIAL STAKES

The sole purpose of using a dog recovery unit in a field trial is to assist the handler in finding a dog that may be lost or which is deemed no longer in judgment.

- (a) Use of these recovery units in recognized field trial stakes is at the discretion of the club.
- (b) The rules for the use of a dog recovery unit in all recognized stakes are as follows:
 - 1. AFTCA approved – Only recovery devices approved by the AFTCA will be allowed for use at Pointing Dog events. The collar and receiver must be used as received from the manufacturer. No modifications may be made to the collar other than a name tag may be added. The collar must have a flat surface against the dog's neck.
 - 2. No receivers carried by the handler and scout – The handler and scout may not

- carry a receiver. If they choose to bring their receivers on course, they must give the receivers to the judges or someone the judges have selected to carry the receivers.
3. Receivers in the gallery must be turned off – All receivers carried in the gallery, including those in the judge’s possession must be turned off. No one in the gallery shall track the dogs while the dogs are under judgment.
 4. No “outside” communications – No one shall communicate in any manner with the handler, scout, judges or gallery and information obtained through the use of a recovery device while the dogs are under judgment.
 5. A dog’s receiver may only be used once the dog is no longer under judgment. A dog’s receiver shall only be activated once judgment has concluded. If the dog is gone at time, the dog is still under judgment has concluded. If the dog is gone at time, the dog is still under judgment until the judges indicate otherwise or the handler requests the recovery unit.
